PREPARATION FOR HYPERBARIC OXYGEN THERAPY

- 1. Wear cotton undergarments.
- 2. Avoid carbonated beverages one hour prior to hyperbaric therapy to prevent stomach discomfort.
- 3. Avoid foods and beverages with caffeine.
- 4. Smoking prior to the therapy will decrease its effectiveness.
- 5. Avoid alcohol consumption prior to therapy.
- Electronic devices (phones, watches, hearing aid, infusion pumps, stimulators, etc), velcro, and papers are **NOT** permitted inside the hyperbaric chamber.
- 7. Please inform your therapist of any changes in medications since your last visit.
- 8. Hyperbaric oxygen therapy stimulates the metabolism and it is recommended to eat a snack or light meal within two hours prior to the therapy.
